Career Related Experience

Travel

- I had a lot of experience traveling during my time as a sign technician (see work experience). I would fly to various locations across the country to stay at hotels near job locations for extended periods of time. I don't travel as much now but it is something I wouldn't be uncomfortable with in the future

Relevant Hobbies

- I have designed many graphics using both code and graphic design software.

Hardware and software

- Familiar with a multitude of code languages including: MIPS assembly, Linux, Visual Basic, Java, C++, Python, HTML, CSS, JS, SQL, PHP.
- Used several integrated development environments such as Visual Studio and Eclipse.
- Practiced work with project applications such as Blender and Unity.
- UML diagrams
- Scrum
 - Meet using Discord practicing agile style work doing sprint with cards for project management via Trello.
- Some experience with electrical engineering
