## Career Related Experience

---

### Travel

- Experience traveling during my time as a sign technician (see work experience). I would fly to varies locations across the country to stay at hotels near job locations for extended periods of time. I don't travel as much now but it is something I'm comfortable and familiar with.

### Tech based work

- Front-End Web Projects using JavaScript (see personal website)
- Backend-Projects (see GitHub: Monopoly repository)
- Designed graphics using code and graphic design software.
- Used several integrated development environments such as visual studio and eclipse.

- Project applications such as blender and unity.
- Utilized UML diagrams for preliminary project design.
- Scrum
  - Meet using discord practicing agile style work doing sprint with cards for project management via Trello.
- Some experience with electrical engineering
